FIFTEEN MINES IN OPERATION

Labor Leaders About to Yield to Pressure, It is Said

MEN BECOME RESTIVE

Officials in Washington Believe End of Walkout is Near—Many Defections Reported in Union Ranks.

Indianapolis, Ind., Nov. 4.—"That's the only way a settlement can be reached," Acting President Lewis, of the United Mine Workers, said when informed that William Green, secretary of the miners' organization, had said the Government should use its powers to compel negotiations between the miners and operators.

Lewis arrived here yesterday from Springfield, Ill.

Informed that President Wilson was ready to name a tribunal, but would make no further efforts toward arbitaration until the coal strike is called off, Lewis demanded: "Who said that?"

Told that the announcement was made from the White House, he said:

"I have nothing to say to that."

Indianapolis, Nov. 4.—While John L. Lewis, acting head of the United Mine Workers of America, was standing firm last night, there were reports that he would yield through pressure and persuasion.

It was expected that within a few days, if an agreement has not been reached that will permit the men to return to work, pressure would come not only from the government and the public, but from the miners in the field as well.

Already reports are beginning to filter in to Indianapolis that miners in some parts of the country were growling restive and in a few places they had actually returned to work.

Fifteen miners in the northern fields of West Virginia are reported to have reopened following the announcement that President Wilson's offer to name a mediation committee remained open.

From Colorado came news that a few men had returned to work and that others had asked the government to furnish protection that they, too, might go back. A dispatch from Lexington, Ky., said all the mines in the eastern part of the country were being worked.

Washington, Nov. 4. — Official Washington was firm in the belief last night that the end of the coal strike was near. There was nothing definite or tangible in the way of actual developments to justify this hopeful view of the situation, but everywhere the feeling prevailed that influences were being brought to bear to have the strikers, numbering more than 400,000 return to work.

Confidential reports to the Department of Justice from its agents in the coal fields were said to show many defections from the ranks of the strikers.

Some of the reports said that large numbers of idle miners had declared they wanted to return to work, but were afraid. In this connection officials reiterated that adequate protection would be given. There was no specific statement as to how this would be provided, but it was explained that troops would be available at the call of any governor who believed it necessary to preserve order or protect workers.

PRINCE OF WALES

Will Arrive in Washington November 11, Anniversary of Signing of Armistice

The prince of Wales, will arrive in Washington on Nov. 11, the anniversary of the signing of the armistice, it was learned today.

President Wilson's continued improvement has made it unnecessary for the State Department to change the program and the Prince of Wales will be a guest at the White House unless Dr. Grayson finds it inadvisable. In that event it is likely the prince will be a guest of Vice President and Mrs. Marshall.

The prince will visit Mt. Vernon and pay his respects to the memory of George Washington.

ZAPATISTAS SURRENDER

Held Impregnable Post, But Were Starved Out

Galveston, Texas, Nov. 4.—Holding a position that was impregnable against assaults, but forced to submission through lack of water and provisions, the last remaining forces of Emiliano Zapata's army surrendered yesterday to Mexican federal forces under Gen. Cosio Rovelo, according to official advices received here today by Mexican Consul Meade Fierro. For 15 days the Zapata force, estimated at between 900 and 1,000 men, had been surrounded in their hiding place, the old Spanish silver mine of "Huamatla," in Morelos, according to Consul Fierra's report. General Rovelo, however, did not attack, but invested the mine with a cordon which effectually cut off retreat.

Sunday, according to the word received by the Mexican Consul, General Manuel Palafox, former secretary to Zapata, and principal leader of the Zapatistas, and Everardo Gonzales, Zapata's titular successor, together with the entire force of rebels, surrenderd.

ATTEMPT TO WRECK TRAIN

Ties Piled on Track Near Gary Removed in Nick of Time

Chicago, Nov. 4.—What police authorities believe was a deliberate attempt to wreck a Gary and interurban special train carrying 10 steel workers to the Gary, Ind., mills was frustrated last night after a conductor on a Michigan Central train, which runs parallel to the interurban, reported that he had seen two young men piling railroad ties on the tracks on the latter.

The police believe that the two young men were accomplices of strike sympathizers.

THE REVIVAL MEETING

Another large audience gathered at the First Baptist Church last evening. The general topic was a study of Herod who beheaded John the Baptist. He was painted in the colors that the story of his life would justify. The man had drifted on in spite of the danger signals that had been placed before him. He had become a hardened man of the world who had no vision of the spiritual part of our existence—just a conscienceless diplomat who used men as pawns for his own selfish purpose.

There was not a little interest manifested last night. It will be decided this evening how long the meeting will be continued and announcement will be made. The membership has been greatly benefitted and many good results will follow. Song and prayer service at 7:30 o'clock.

VERY LIGHT VOTE BEING POLLED

Only 234 Votes Had Been Cast at 3 O'clock This Afternoon

CAMPAIGN LISTLESS

Big Vote is Being Recorded in Alex. County Where There is Stiff Opposition For Offices.

Only 234 votes had been cast in the election today up to 3 o'clock this afternoon.

The vote by wards follows:

First	57
Second Ward	62
Third Ward	60
Fourth	55
Total	234

The polls will close at six minutes after 5 o'clock. Judging from present indications the vote will not reach 300.

There is absolutely no interest apparent in this election, and the various election officials have had a hard job killing time.

Walter T. Oliver, democratic nominee for the state senate to represent the fourteenth senatorial district, is opposed by J. H. Dodge, republican nominee.

Mr. Oliver will receive a fair percentage of the vote according to the belief of those in a position to know.

He will prove an easy winner over his oponent in the district. Charles T. Jesse, democratic nominee for the state legislature, to represent this city and Alexandria county in that body, is without opposition.

In Alexandria county conditions are just opposite from what they are here today. A heavy vote is being polled in that county and the various candidates seeking county offices and their friends are losing no time in bring the voters to the polls. Reports received from that county late this afternoon indicate that a majority of the voters will participate in today's election.

BANDIT KILLS CLERK

Motor Thief Foiled in Effort to Obtain $1100 Flees in Auto

Philadelphia, Nov. 4.—While defending $1100 of his employers' money, Maurice Raiser, 38 years every man who is not now doing old, bookkeeper in the Saeta bakery, at 1117 South Randolph street, was shot and killed last night by a man who escaped in an automobile in front of the place, which was waiting for him.

Before Raiser was shot he was blackjacked and his cries of murder brought to his aid one of his employers and ten fellow workmen, all of whom were in adjoining rooms at the time of the attack.

Yesterday was collection day at the place, and three of the drivers brought in about $1100 in cash shortly before 6 o'clock. The money was in a right hand drawer of Raiser's desk.

The bandit failed to secure it.

Mr. Peter Francis announces to his friends and former patrons that he has opened an oyster shop at 1124 Prince street, where he will be glad to serve oysters by the plate, pint, quart or gallon. 263-5p

GROWING GRAY IN THE SERVICE

Nearing Three-Score Years in Active Journalism

GAZETTE HAS BANNER

Attache of Winchester Star on One Job Forty Years—Employe of Gazette is Nearing Fifty-Ninth Mile Post.

Forty years on one job was the record rounded out last Sunday by Charles W. Brown, foreman of the mechanical department of the Winchester Evening Star. He began work when 18 years old on the Winchester Times, an old weekly, which was absorbed by the Star some years ago, and he succeeded his father, the late Daniel Brown, as "boss" of the shop.

The writer, whose name it is unnecessary to mention to Alexandrians, can claim a far more ancient beginning. Becoming an apprentice in the Gazette's composing room December 26, 1860, he has been on every rung of the ladder of journalism nearly fifty-nine years, during all of which time he has followed the fortunes of this paper. Some of the most trying ordeals through which the Gazette has passed has been witnessed by him. He vied with others in distributing "pi" and cleaning up the office in 1861 after it had been partially wrecked by federal soldiers, stood by the smoldering ruins of the plant in February of the succeeding year after the office had been destroyed by men wearing the blue of the United States, saw the paper rise a second time from its ashes, colaebored the same year in publishing the Gazette in a dimunitive form (about the dimensions of an eight by ten pane of glass), rejoiced in its enlargement in 1865, saw the paper pass through ordeals on two occasions similar to those now facing the entire country the outcome of labor broils, watched with anxiety from 1879 to 1883 when the political party then in power in this state attempted to corral everything in the way of newspaper patronage and distribute it to favored journals in far-away rural communities, thus freezing out opposition journals, vied in the hurrahs incident to the downfall of this organization and the election in 1884 of Grover Cleveland, the first democratic President in forty years—in short he has followed the fortunes of the Gazette through good and evil report until this day, when its circulation has become quadrupled and its advertising patronage greater than at any time in the paper's history. It is now in its sere and yellow leaf, but as vigorous as in the days when Edgar Snowden handled the scissors and the quill.

There have been many changes in the personnel of this office in all these years. The attache referred to is the only person now living who was in any capacity connected with the paper in 1861. The "chapel," that is the force in the type-setting department, has often changed, as has also the editorial corps and business management, in many cases the result of deaths. The reminiscences in connection with the Gazette, the history of which is so intimately bound up in the annals of the city of Alexandria, afford food for reveries to those who were eye-witness of the stirring events of nearly three-score years.

In this connection it should be stated that the late Henry Dulaney, who died in June, 1890, served 60 years of his life as pressman on the Gazette.

ANTI-TUBERCULOSIS SOCIETY'S APPEAL

The Anti-Tuberculosis Society in appealing to carry on its work, calls attention to the fact that in the past year its two paid nurses have not only visited 154 tubercular cases and 1084 miscellaneous ones, but have in their rounds taught hygiene and sanitation to hundreds of people living in our midst.

This shows on one line only, the amount of work being done by this society, so it is earnestly hoped that a generous response may be made to the appeal for help to carry on this vital work.

EFFORTS TO REVISE CODE

A regular meeting of the City Council was held August 9, 1889, when E. E. Downham, Mayor, sent a communication to the city fathers. He then (thirty years ago) showed the necessity of an immediate codification of the laws of the City Council.

The code of 1874 in operation at that time is still the only one in existence in a tangible form, and during the fifteen years that had followed many ordinances had been adopted by Council, some virtually superseding certain ancient laws of the city. Since 1889 many more years have followed, during which the laws have been still farther augmented, until it would tax a Philadelphia lawyer to show what are the actual ordinances of the city.

Most of the "code" at present consists of numerous fragments in the shape of pamhplets the size of small tracts, which should long ago have been collated and bound into one volume.

Occasionally, after long intervals Council becomes enthusiastic in movements for the immediate codification of the laws. Several years ago the city fathers took steps towards having this long needed work accomplished; but, so far as we can learn, nothing tangible has been accomplished.

A long time ago, when the late Thomas Risheill was a member of the Board of Alderen, the gentlemen then acting as Corporation Attorney had the famous "hay scales" case submitted to him. This issue was in referenece to certain claims of the city against parties who owned property in Market alley where in the olden time the hay scales were located. Many months elapsed but no report was submitted by the attorney. The latter entered the Aldermen's chamber one night during a lull in the proceedings, when Mr. Risheill arose and, with a sober face, stated that the matter of the hay scales had been referred to the City Attorney over a year. He moved that he be allowed to report progress. We make the same motion in the interests of those who have been empowered to codify the city's laws.

SHOULD STAND FIRM

The Manufacturers' Record says should the President of the United States and the Governors of the states and all municipal authorities take the following stand they will save our country from the troubles that threaten:

"Every man who is now willingly idle, every man who seeks to lesson his efficiency or that of others his utmost to increase production is a slacker in the greatest warfare of history; a war to save the world from anarchy and poverty and starvation; a war to save civilization from barbarism.

"The man who is a slacker and non-producer at such an hour as this is helping to starve women and helpless babies.

"But sinful as is the man who is now a non-producer, infinitely worse is the man who adds to his own sin of idleness the crime of trying by force to keep others from work. He is a double criminal. Whatever right a man may have had in the past to quit work, surely in this awful day of world chaos no man has any more moral right to be idle than able bodied men had to be slackers and cowards when the nation called them to its colors. Moreover, when he seeks to maltreat others who wish to work he becomes more despicable than the deserter or the traitor. The latter was a traitor to his country, while the man who adds to his own idleness this other crime, is not merely a traitor to his own country, but he is a traitor to all civilization.

"Therefore, we hereby reaffirm our oath of office and will give protection to every man who desires to work, and will suppress every sign of lawlessness if it takes the entire army of the United States and every volunteer who might be called into service.

"No man shall by threats or intimidation be kept from work, and every man who is guilty of such intimidation will be treated as a criminal and to this there will be no exception. No supposed political influence, no appeal to the labor spirit, will save the guilty ones from punishment; law and order shall be maintained."

RETURNING SANITY

In spite of the unsatisfactory labor conditions which prevail in the United States, there are significant signs here and there which indicate a return to sanity, says the Philadelphia Inquirer.

"For instance, the Knoxville police force, which was the first to affiliate with the American Federation of Labor, has decided by a six to one vote to surrender its charter. In New York a strike of several thousand milk dealers was averted by a stirring appeal on the part of Governor Smith on the ground that such action at this time would be a public calamity.

"These two incidents are a proof that the people are beginning to think, and they also prove that intelligent leadership may be utilized for the purpose of leading workingmen in the right direction just as stupid, unreliable and dishonest leadership may lead them in the wrong way. The strike of policemen, as exemplified by the Boston affair, caused a revulsion of sentiment in all parts of the United States. Every reasoning man knew that it was wrong. Most of them felt that the policeman who mutinies, or refuses to perform his duty, stands on a lower level than that of the professional lawbreaker. Such a policeman ranks with the soldier who mutinies in the face of the enemy, and should be consigned to the same pit of oblivion.

"In the same way those who would institute strikes that deprive the poor and the helpless of the necessaries of life are no better than criminals. The Governor of New York is a man who knew the meaning of poverty in his early days, and he was in a position to talk from the shoulder to the excited and unreasonable men who were about to issue an order that would have meant misery and, perhaps, death to innocent victims.

"These two incidents may not seem great in themselves, but they are significant as illustrating the awakening of common sense among the men who labor for a living. Right and not might must be the rule of conduct for both employers and employed if the world is ever to become normal."

OUT ON BAIL; KILLED

Harrisonburg, Va., Nov. 4.—W. M. ("Buster") Shifflet, indicted by the October grand jury for illicit distilling, who was out on bail pending a hearing, was stabbed to death at Yancey, 18 miles east of here Saturday night by Frank Shifflet, aged 46. "Buster" suspected Frank Shifflet of "informing" on him. He is said to have attacked Frank Shifflet, the latter retaliating with his pocket knife, which was driven deep into the abdomen.

Frank Shifflet gave himself up to Deputy Sheriff W. T. Lucas and is now in jail here.

RELIGIOUS ISSUES INJECTED.

Baltimore, Md., Nov. 4.—Distribution of printed lists containing names of candidates for office who were said to have the indorsement of anti-Catholic organizations has injected a religious issue into the Maryland campaign that threatens divisions in both parties. Men recognized as Democratic workers gave these to worshipers as they came out of Catholic churches yesterday, and in a number of those churches priests urged members to vote against all whose names appeared on the distributed lists. As all of the Republican State and city candidates and only about eight Democrats in the entire city were placed on the "black list." It was the Republicans against whom the attack was mainly directed.

HOLD POSSESSION LAWFUL

Reversing the judgment of Judge Hardison, of the Washington Police Court, the District Court of Appeals yesterday held that the mere possession of liquor was not sufficient to convict a person of violating the five mile zone proclamation of President Wilson, and did not even raise an inference that the liquor was not for personal use, even though the quantity involved was eight quarts.

The case was that of Frank Leitch, who had been convicted of violating the zone law. Leitch was arrested in a wholesale raid by the police on the train known as the "bootleg special," of the Washington, Baltimore and Annapolis electric railway last spring.

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel billious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

FOUR IN AUTO CRASH

Virginians Are Seriously Hurt on South Mountain

Hagerstown, Md., Nov. 4.—An automobile, containing four persons went over a steep embankment Sunday afternoon at Dahlgrens, on South Mountain, and, as a result, the occupants, all of Bedford City, Va., were injured, two seriously. The injured are:

Mrs. Walter Cochran, skull fractured, unconscious, not expected to live.

Miss Virginia Cochran, five, her daughter, badly bruised and lacerated.

William Kelly, back sprained and badly bruised.

Mrs. William Kelly scalp torn and badly bruised.

They were coming to Hagerstown, Kelly driving. In attempting to avoid striking a child, which ran out on the road in front of the car, Kelly ran the machine over the embankment.

The injured were brought to the Washington County Hospital.

FINED FOR ATTACK

Doctor at Martinsburg, W. Va., Found Guilty by Magistrate

Winchester, Va., Nov. 4.—Dr. T. K. Oates, of the City Hospital, Martinsburg, W. Va., for whom a warrant was issued recently, charging assault and battery, by Miss Martha V. Moler, a student nurse, has been convicted in the magistrate's court at Martinsburg and fined $25 and costs.

Dr. Oates is alleged to have attacked the young nurse on two separate occasions. She testified that he offered her money and gifts, which she refused, and that after she broke away he quit molesting her. Dr. Oates, taking the stand, denied most of the testimony of Miss Moler. He noted an appeal from the fine in the Circuit Court.

INCREASE IN WAGES

Four Cents an Hour Raise Received by 400 Southern Railroad Workers Here

Richmond, Nov. 4.—Four hundred shopmen of the Southern Railway system in Richmond received yesterday in their pay envelopes an increase of 4 cents an hour and were told that this was a temporary increase which would be effective until a final settlement of the wage demands which shopmen all over the United States recently made.

Machinists, boilermakers and their helpers and blacksmiths and helpers are the men benefited by the increase Foremen, clerks and laborers connected with the Southern shops will receive no higher wages. They number about 200 in Richmond on the Southern system. The majority of the shopmen are white, although there are a number of colored laborers employed.

NO BREAD IN PETROGRAD

City Has Been Without Chief Article of Food for Two Weeks

Helsingfors, Finland, Nov. 4.—Petrograd has been without bread for the last two weeks, thousands of persons dying daily, according to information brought to Helsingfors by a Finn who escaped from a prison camp at Moscow on October 12. The population of Petrograd has fallen below 400,000, he said. The schools were closed owing to lack of fuel, he also reported, while the prices of foodstuffs now available were so high as to be out of reach of the poor. Herring were bringing 200 rubles each and potatoes 110 rubles the pound; milk was 80 rubles the pint and meat was unobtainable.

Conditions in Moscow, the returning Finn reported, were not much better.

LIFTING BAN ASSURED

Banks Facing Disaster if Lid is Clamped.

Word has reached New York that efforts of bankers to obtain the lifting within a short time of the liquor ban have proved successful. President Wilson is said to have agreed to do this in order to save the banks approximately $150,000,000, which amount they loaned to wholesalers to put the liquors in bonded warehouses, holding warehouse certificates as collateral.

One New York financier has been in the Capital for the past two weeks, vainly trying to ascertain just what the President would do in this matter. He admitted that he was frantically trying to find out, inasmuch as his fortune would be practically wiped out unless a favorable turn came. This man has gone back to New York, confidently satisfied that action will be taken.

Needless, to say, there is jubilation among bankers, wholesalers and those who take advantage of the final opportunity of "laying in" a large supply of liquor. About twenty banks are said to face ruin unless the ban is lifted.

In New York thousands of cases of claret and sauterne are being received daily from California. Dealers in all liquors are said to have agreed on the scale of prices to be charged for beverages. These are said to be moderate.

WILL VOTE DOWN PACT

Administration Senators bluntly informed Republican Leader Lodge in the Senate yesterday that they will vote to kill the treaty if a majority of the Senate agrees to the Lodge reservations.

Unless these reservations, which are now before the Senate, are submitted to compromise or amendment Senators Hitchcock and Pittman said the treaty will not be ratified. They pleaded with Senator Lodge to give them an opportunity to offer substitute reservations or to have a vote by the Senate on ratification without reservations.

LABOR WAR ON IN SPAIN

Madrid, Nov. 4.—The lockout which commenced in Barcelona today was the starting of a fight to the finish between the employers and the workmen of Spain, according to statement issued yesterday by leaders on both sides of the controversy.

Each side is well organized and determined, but the workmen are considered to be better organized than the employers. The employers have in their organization numbers of members who are lukewarm in support of the lockout, while the workmen, or Syndicalists, as they are called here, and who include professional men as well as laborers, are closely united, knowing that their organization has done much to improve their conditions and expecting that it will do still more.

The movement, which had a small beginning, but which now has 200,000 members in Barcelona alone, including employes of the great textile and other factories, is led by Senor Segin, a house painter, 26 years old, and Festana, a former priest, but now an editor, who is a member of the Intellectual party.

THEATRES

GRAND THEATRE

Agnes Ayres, charming and talented player, remembered especially for her work with Edward Earle in the popular series of Vitagraph comedies, is seen to excellent advantage in "A Stitch in Time," the Gladys Leslie picture which will be seen in the Grand Theatre tonight. Miss Ayres is a native of Chicago and before coming to Vitagraph was seen in a number of Essanay releases.

"A Stich in Time," is adapted from the successful stage success of the same name and gives Miss Leslie a most fascinating role. Ralph Ince directed the picture and in the supporting cast are Eugene Strong, William Walton, Earl Barton, Charles Stevenson and Julia Swayne Gordon. Also Eddie Polo in "A Western Drama."

Announcing the Re-creation of
ANHEUSER-BUSCH'S FAMOUS
Budweiser

IT is the fixed policy of Anheuser-Busch to comply with every provision of public laws and regulations. That policy will be adhered to in the future as in the past. In view of the Act of Congress, effective October 29, 1919, we feel that our many friends and customers have the right to know how the Anheuser-Busch industrial plants will be utilized.

Our greater development plans include, among other new products, an additional cereal beverage to which we shall apply our well-known trade-name Budweiser. This beverage will be manufactured, in every detail, according to our original Budweiser process, and de-alcoholized to conform to Federal law. It will possess the genuine Budweiser flavor and quality.

Budweiser, re-created, will be manufactured from the choicest, most wholesome and nutritious cereals—and hops, noted for their tonic effects. It will be fully and maturely lagered, put up in sterilized, hermetically sealed, 12-ounce brown bottles, and pasteurized to insure its permanent purity and quality.

We guarantee that this Budweiser is bacteria free, will keep in any climate, and is healthful and nutritious.

We shall be ready to begin shipments by January 1, 1920.

Budweiser is manufactured and bottled exclusively at the plant of

HELD AS KIDNAPPERS

Man And Woman Caught Soon After Seizing Child

Canton, Ohio, Nov. 4.—Elizabeth Albee, 7, adopted daughter of Mr. and Mrs. T. F. Albee, of this city, was seized and carried away in an automobile by a man and woman while on her way to school yesterday morning.

Police hurriedly threw a cordon of officers about the city and after an hour's search the couple and missing girl were found hidden at a railroad station. They gave the names of Mr. and Mrs. Ernest W. Siebert, of Cleveland, and claim to be the parents of the child. They are held on a charge of kidnapping.

SEES PERIL IN DRY LAW

Fosters Bolshevism in America, Gompers Declare

New York, Nov. 4.—When the attention of President Samuel Gompers was called yesterday to a report of the Association Opposed to National Prohibition, purporting to show that a survey of conditions in eleven Western States long dry tended to establish that prohibition is one of the best assets of bolshevism in this country, he said:

"The foisting of prohibition on this country was a blunder. By adopting it we have chanced the wrecking of the social and economic fabric of the nation. We have upset men, unsettled them. The man who until now has been satisfied to labor as he had been laboring has become discontented and restive.

"I believe bolshevism has gained. It certainly began with prohibition in Russia. The apostles of bolshevism in this country are seizing prohibition as a mighty weapon to force into their ranks the foriegn born peoples of the United States who have been accustomed to the use of beer and light wines.

"They go to these people in their homes, factories, mines and unions and says, "Look here, this is what Congress has done for you. It has taken away your beer."

"This may sound small, but to people accustomed to light spirits it is a constant source of discontent and nagging. It irritates, annoys and unsettles. It places them in receptive mood for the deadly propaganda that is sure to follow."

MARTIN SLIGHTLY BETTER

Charlottesville, Va., Nov. 4.—A slight change for the better was evident yesterday in the condition of Senator Martin, according to his physician.

The Senator had a comfortable day and ate moderately, the doctor announced, adding that Mr. Martin was maintaining his improvement last night.

"Why I Put Up With Rats for Years." Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes 25c, 50c, $1.00. Sold and guaranteed by R. E. Knight and Son Alexandria; Mankin's Store, Falls Church.

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not 'Get.' is "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-diddling." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Alexandria and recommended as the world's best corn remedy by RICHARD GIBSON, FRANK WARFIELD.
